# THE SENTENCE WILL BE PASSED AT COHEN'S ON MONDAY!

The verdict is guilty: The sentence is an average reduction of 25 per cent. on all standard goods until after Christmas. It is the penalty awarded for the indiscretion of piling up stocks on stocks until the aggregation amounts to nearly a half million dollars. In other words, we bought this immense collection of merchandise to sell at one hundred cents on the dollar and the exigencies of the occasion require that we sell for seventy-five cents on the dollar. It means a gift to Richmond shoppers or a premuim, if you will, of twenty-five cents on every dollar spent here until Christmas.

### CHILDREN, ATTENTION!

Sinita Clais will continue to visit different sections of the city, and we will continue to give his route in the daily paper; Have you seen the beautiful rull-dressed life-size doll and the full-rigged etc.! man-of-war to be given the give and be given the give and by guessing nearest the number of letters Santa receives? Let's race coming in by hundreds and are put in a sealed box, so that there is no possibility of any one knowing how many there are until the box is opened and they are counted. Have your letters ready so that you can give them to Santa any time you see him, and be gure to address them
